

Thursday, April 26th, to Saturday, April 28th 2018

Hotel La Barcarolle in Prangins, Switzerland
Route de Promenthoux 8, 1197 Prangins, Switzerland

Revisiting clinical trials in the era of precision dentistry

1. **Andrea Mombelli** - Andrea.Mombelli@unige.ch
Prioritising outcomes in trials on periodontal therapy
2. **Panos Papapanou** - pp192@cumc.columbia.edu
Contemporary epidemiological studies in periodontics: Are we there yet?
3. **Frank Scannapieco** - fas1@buffalo.edu
Conducting clinical trials in non-dental settings: Lessons from Pneumonia and oral health link studies
4. **Inger Wårdh** - Inger.Wardh@ki.se
Oral Health Needs of Elderly: Insights from registry and clinical trials
5. **Robert Gray** - r.d.gray@ed.ac.uk
Precision Medicine Tools for Cystic Fibrosis
6. **Koula Asimakopoulou** - Koula.Asimakopoulou@kcl.ac.uk
The contributions of behaviour change science in clinical trials: a new paradigm?
7. **Niek Opdam** - Niek.Opdam@radboudumc.nl
Clinical studies in restorative dentistry: New directions and new demands
8. **Iain Chapple** - I.L.C.Chapple@bham.ac.uk
Tell me what you eat, I will tell you who you are: What changed since James Lind scurvy trial?
9. **Denis Kinane** - dfkinane@dental.upenn.edu
Educating tomorrow's clinical researchers: Why integrating research into dental education matters?
